Profile

Web Developer and Product Designer with a passion for building user-friendly web applications and thoughtful designs. I enjoy turning ideas into functional and intuitive experiences. Whether it's a quick prototype or a polished digital interface, my focus is always on usability, simplicity, and making things that just work.

Professional Experience

Junior Web Developer <i>Zummit Infolabs</i>	10/2024 – present Remote
<ul style="list-style-type: none">• Developed frontend interfaces for AI learning and training platforms.• Built reusable React components and used Tailwind CSS for styling.• Improved accessibility and user experience across devices.• Used GitHub & GitLab for version control, ensuring code consistency across the team.• Worked closely with designers to translate wireframes into functional components.	
Intern UI/UX Designer <i>Zummit Infolabs</i>	04/2024 – 10/2024 Remote
<ul style="list-style-type: none">• Designed AI-based applications, including a learning platform and interview assistant.• Created intuitive experiences to help users adapt to AI-driven workflows.• Crafted visual elements and 2D animations for accessibility-focused platforms.• Built interactive Figma prototypes, improving usability by 20%.• Conducted user research and developed use cases enhancing navigation by 25%.• Collaborated with the frontend team to ensure seamless implementation.• Applied responsive design principles and integrated design systems for scalability.• Participated in candidate interviews.	
Intern Product Designer <i>S.C. MUSA PITESTI S.R.L.</i>	06/2022 – 09/2022 Pitesti
<ul style="list-style-type: none">• Designed products using CAD/CAM Software.	

Education

Master of Industrial Design and Innovative Products <i>Faculty of Industrial Engineering and Robotics, University Politehnica of Bucharest</i>	09/2023 – present Bucharest
<ul style="list-style-type: none">• Developed human-centered products, bridging design and engineering.	
Bachelor of Industrial Design <i>Faculty of Mechanical Engineering and Mechatronics, University Politehnica of Bucharest</i>	09/2019 – 07/2023 Bucharest
<ul style="list-style-type: none">• Received 1st place at the Scientific Communications Session.• Academic results: Overall Grade – 9.71; Bachelor Thesis – 10.	

Projects

Portfolio Website 🔗
Designed and developed a responsive web application showcasing personal projects in UI/UX Design and Web Development. Built using React.js, Three.js, CSS3, Figma and Adobe Photoshop.
Product Design Projects 🔗
Developed a smart lamp with remote control, operable via a mobile app or automatically through integrated sensors. Additionally, developed product design solutions, including modular furniture and multifunctional storage solutions. Created using Arduino IDE, Android Studio, CAD/CAM Software and Adobe Photoshop.

Skills

Web Development Tools: HTML5, CSS3, JavaScript, React.js, Tailwind CSS, Bootstrap, Responsive Design.
Design & Prototyping Tools: Figma, Adobe Photoshop, Arduino IDE.
3D Modeling & CAD Software: Inventor, AutoCAD, Maya, SolidWorks, CATIA, Rhinoceros (Rhino 3D), Blender.
