Detail-oriented Web Developer and UI/UX Designer with a strong focus on design and usability. Skilled in building responsive, accessible, and modular web applications using modern technologies. I combine solid development expertise with user-centered design principles to create intuitive and reliable digital products.

Professional Experience

- | | |
|---|------------------------------|
| Junior Web Developer, Zummit Infolabs | 10/2024 – Present
Remote |
| <ul style="list-style-type: none">• Developed frontend interfaces for AI-based learning and training platforms.• Built and maintained modular, responsive components using React.js and Tailwind CSS.• Collaborated with designers to translate prototypes into clean, accessible UIs.• Improved accessibility and navigation across multiple devices.• Optimized code structure and reusability, reducing development handoff time by 30%.• Conducted responsive testing to enhance cross-device compatibility.• Used GitHub and GitLab for version control and agile collaboration. | |
| Intern UI/UX Designer, Zummit Infolabs | 04/2024 – 10/2024
Remote |
| <ul style="list-style-type: none">• Designed interface layouts and prototypes for AI-based platforms.• Crafted visual elements and 2D animations for accessibility-focused products.• Built interactive Figma prototypes, improving usability by 20% during testing.• Contributed to design handoff and implementation processes with developers.• Integrated design systems to standardize UI across web and mobile platforms.• Participated in candidate interviews and feedback sessions. | |
| Intern Product Designer, S.C. MUSA PITESTI S.R.L. | 06/2022 – 09/2022
Pitesti |
| <ul style="list-style-type: none">• Designed products using CAD/CAM Software.• Prepared internal documentation on product functionality and usage. | |

Education

- | | |
|--|--------------------------------|
| Master's in Industrial Design and Innovative Products,
<i>Faculty of Industrial Engineering and Robotics, University Politehnica of Bucharest</i> | 09/2023 – 07/2025
Bucharest |
| <ul style="list-style-type: none">• Developed human-centered products, bridging design and engineering.• GPA: 9.75/10; Thesis Grade: 10/10. | |
| Bachelor's in Industrial Design,
<i>Faculty of Mechanical Engineering and Mechatronics, University Politehnica of Bucharest</i> | 09/2019 – 07/2023
Bucharest |
| <ul style="list-style-type: none">• Awarded 1st place at the Scientific Communications Session.• GPA: 9.71/10; Thesis Grade: 10/10. | |

Projects

- Portfolio Web Application, React Web Application** 🌐
Designed and developed a personal portfolio showcasing projects, experience, and design work. Focused on responsive layout, accessibility, and performance. Built using React.js, Three.js, CSS3, Figma and Adobe Photoshop.
- Stania, Booking Web Application** 🌐
Developed a booking platform prototype highlighting the beauty of North Macedonia. Delivered a familiar yet modern design, maintaining local relevance and integrating existing user behaviors. Built using React.js, Tailwind CSS and Figma.
- Nexio, Online Shop App Prototype** 🌐
Prototyped a mobile shopping app with clear navigation and a modern interface. Created user personas and flows to support usability decisions. Built using Figma.

Skills

- Web Development:** React.js, HTML5, CSS3, JavaScript, Tailwind CSS, Bootstrap, GitHub, GitLab.
- UI/UX Design:** Figma, Adobe Photoshop, Wireframing, Responsive Layouts, Accessibility, Design Systems.
- Soft Skills:** Collaboration, Attention to detail, Proactive mindset, Problem-solving.

Courses

- The Web Developer Bootcamp 2025, Udemy** 🌐
- Complete Web & Mobile Designer: UI/UX, Figma + More, Udemy** 🌐
